REETING CARDS WITH REMOVABLE ART PRINTS

Printed onto Ilford Galerie Textured Cotton Rag 310gsm. This premium matte paper brings a tactile richness to the artwork and adds depth and dimension, giving it a soft, painterly effect. The blank greeting card with Brink logo sticker has a removable glue-dot to secure the print.

1. Twist the print clockwise four times and gently lift it off from the sticker on the card.
2. Once removed, slowly roll the glue dot off the back of the print or card so it doesn't tear the paper.
3. Your removable art print is now ready to enjoy. Frame it, display it, or start building your mini gallery.

If you encounter any issues removing the art print please contact us.
